

TESTIMONIALS

“As I watch our daughter and her classmates graduate from high school, I find myself reflecting on their much earlier graduation from Kindergarten at St. Rita of Cascia School. Studying their fresh, baby faces back in 2002, as they sing “He’s Got the Whole World in His Hands”, I realize how important those foundation years of a catholic school education have been in shaping who they are and who they will become. The dedicated and caring teachers, coaches, staff and administrators of St. Rita embraced our children, taught them, nurtured them and nourished them while encouraging them to develop spiritually, emotionally, morally and physically. St. Rita of Cascia School also prepared them intellectually and academically for success, honor and distinction in high school. In fact, three of those fresh, baby faces Siobahn, Eric and Tyler, were chosen to deliver Commencement addresses and Baccalaureate speeches at their Catholic high schools. Many thanks to our St. Rita of Cascia School family for all you’ve done and for all you do!”

Fred and Landa Midgely - May, 2014

“With the help of dedicated teachers and a fun learning environment, St. Rita of Cascia School truly prepared me for success. St. Rita also helped me to grow in my faith, and I am now a lector in the parish there. The thoughtful and encouraging teachers, faculty and coaches taught every Crusader leadership skills and to never give up. I am now a graduating senior and will be attending the Honors College at University of Illinois on a full academic scholarship. All I have accomplished is thanks to a St. Rita of Cascia School Catholic education foundation.”

Siobahn Midgely – May, 2014

“My children spent their entire grade school careers at SRC and I believe placing them there was a blessing. The entire staff- from custodians all the way to principal- had the children’s best interests and safety at heart. Never once did I doubt this! My children left SRC completely prepared for their high school careers with the academic confidence necessary to achieve their best potential. SRC teachers taught the children solid study habits, work skills and we will forever be happy with our choice of SRC.”

Jeannie Dunn – January, 2015

“What A Great School! Dedication is their best feature. Great teachers and staff make you really want to have your kids go there. My kids went there and my grandchildren are going to go there, too. Congratulations St. Rita.”

Lilly Maglio – February, 2015
